

Wave 3 of Full Life in Christ India

November 3 – 21, 2005

Wave 3 of Full Life in Christ India begins this year. Wave 1 was the initiation of the ministry by Pastor Joe and Pastor Earl Kinney, and the translation of the FLC materials into seven major Indian languages. Wave 2 was the expansion of the ministry team to include Don Toeppe, Josh Bentley and Stephen Stone. The larger team size permitted a doubling of seminars taught each year and increased awareness of the ministry throughout the States.

Wave 3 begins an emphasis on specialized training for the most capable church leaders as identified by FLC Field Reps. Using Don's training experience from work, Joe and he have developed an Advanced Training seminar that will challenge leaders to expand their use of the FLC materials in their ministries – to lay a firmer foundation of the FLC truths into the hearts of their flocks. This seminar was held in Ranchi, in northeast India, the week of November 7th. At the same time, Earl and Stephen conducted a normal 2nd Semester in Hyderabad, where they taught the 1st Semester last year.

Today, November 11th, Don and Stephen meet in Mumbai for their trip home, while Joe and Earl rendezvous in Chennai for a meeting with FLC Indian partners. Then they travel by train to Trichy for a 2nd Semester seminar, and will return to Chennai to fly home on the 20th.

Please spend a moment to review the map of India, and mentally identify the cities where the FLC Team is ministering this year. Then please join in concerted prayer with the Team for the remainder of this year's mission trip.
